Escape Room Team Building

What is an escape room?

An escape room is a real-life adventure game in which players solve a series of puzzles using clues, hints, and strategy that are hidden within the room. Players are given a set time limit and the goal isn't always escaping. We like to add an additional element to most of our rooms and you must reach a certain goal before escaping. Each goal will depend on the theme of the room.

Escape rooms are inspired by "escape the room" style video games that can easily be found online. Live action rooms started in Japan, crept their way across Europe, and were introduced to the United States a few years ago. We're happy to educate players on how fun an escape room can truly be!

How is this team building?

Escape rooms allow your group members to escape the norm with fun team building exercises that stimulate creative thought, synergy, and efficiency with each other through a myriad of puzzles, hidden clues, and mind games in an experience that will leave everyone energized and inspired. By encouraging teams to rely on each other's individual strengths through unique obstacles and tasks, we provide an environment that brings out the best your team has to offer!

What are my options?

It all depends on the number of people you plan on having. You can always reserve individual rooms but they won't all be able to run at the same time. To get more than two or three rooms to run at the same time, you'll have to reserve The Ultimate Adventure.

Our Ultimate Adventure package is for larger groups. It allows you to rent out our entire facility at a discounted price and allows all the rooms to run at the exact same time. We've outlined it below!

What are your accommodations?

We are the only escape room in the area that offers a multipurpose room available for your use. A full size refrigerator, microwave, counter, tables, seating for up to 50 people, projector, and screen are available for your use. Feel free to bring in any outside food and beverages for your group, whether it is catered or your own. There are outlets provided over the counter if needed. Paper products/utensils/etc. are not provided. You can reserve this room for either an hour before or an hour after your adventure for \$75 per hour!

We've provided a list of some of our favorite local accommodations if you downloaded this!

Individual Rooms (Smaller Groups)

We have four different themes (5 rooms) for you to choose from:
The List, Da Vinci's Office, The Candy Shop, and Quarantine (two of this theme)!

The List and Da Vinci's Office run at the same time and can hold up to 10 people.
The Candy Shop runs at different times than the rest of the rooms and can hold up to 10 people.
Both Quarantine rooms run at the same time and can hold up to 10 people.

We are \$27 (plus an online booking fee) per person per room.

We are the only escape room in the area that has all private reservations, which means you'll never be in a room with people you don't know. For example, if you book for 4 people, the 6 other possible spots will not be open to the public to book.

We stay private by requiring a minimum of 4 players (even if you have less than 4, you can always come with only 2 or 3, but still must book the minimum of 4). Plus, our rooms really can't be solved with less than 4 people, it's a team effort!

Reservations can always be made right online through our website, www.expeditionescape.com.

The Ultimate Adventure (Larger Groups)

Rent out our whole venue to hold your private event. This 1 hour and 30 minute adventure is perfect for corporate team building and group celebrations. Up to 50 guests can participate in one of our six awesome escape rooms at the same time!

This package shuts down our entire venue for your group which means you can choose any date and time that you wish (within reasonable operating hours). Please contact us for availability.
